Highlights of Dartstock

Dartstock is a Perfect Market Information and Analysis platform designed for Active traders, Dealers, Franchisees, Portfolio Managers, Research analysts and Fund Managers to make informed trading decisions.

It combines live data with advanced tools & functions and intuitive user interface to deliver unparalleled Market experience. It empowers the trader with Information and tools that help spot opportunities and capitalize on them

End User Benefits:

Helps Identify Opportunities	Enhances Productivity	Analyze Individual Stocks
• Market activity & Trends • Event Driven Tools • Screening Tools • Technical Reports	• Comprehensive • Predefined Workspaces • Visualization Tools • Intuitive	• Charting Tools • Trade Analysis • Dashboard and peers • Alerts

Highlights of Dartstock

➔ **Catch the Big Trades with All Market Time & Sales (View Menu)**: Scans the Market for trades and filters them based on user specified thresholds of Quantity and/or Traded Value.
- o In Equity, Stock Futures, Stock Options, Index Futures, Index Options, Currency Futures, Currency Options and Commodity Futures Segment
- o Can be Further filtered by an Index or Sector or user created Watchlist Group

➔ **Advanced Charting Tool:**
- o Buy / Sell Signals
- o Intra-Day, Intra-day history and Historical Data
- o Continuous history for Futures
- o Aggregation by various Intervals for both intra-day and history
- o Intra-day Candle updating in Historical Charts
- o Chart Comparison – IDX-IDX, IDX-Scrip, Scrip-Scrip
- o Over 60 Technical Indicators & 10 Studies
- o 4 Different Charting Types
- o Charting Templates, Customization and more

Highlights of Dartstock

➔ **Data Visualization Tools** include Heat Map, Market Dynamics, 52 wk Meter, Market Meter etc.

➔ **Predefined Dashboards:** Over 10 Predefined Dashboards to choose from
➔ **Create your own Dash Boards** using Custom Workspaces tool
➔ **Pop-out workspaces**and keep them floating to create virtually unlimited possibilities
➔ **% Stock Returns** column has been added to watch list for 5 days, 1 month, YTD, and 1 Year
➔ **EOD Reports:** Over 20 EOD reports on Reversals, Breakouts, consistent movers etc. included
➔ **Market Information:** Traders can stay on top of the Market with FII & DII Data, Gross Delivery Data with OI, Bulk / Block Deals, Board Meetings, Exchange announcements, Market Turnover and more.

Note:

1. All Scanning Tools allow further filtering by a predefined Group or user created watch list
2. Features are linked to Entitlement. If you do not get to see some features, please check yourentitlementwith your administrator.

Highlights of Dartstock

Premium Tools relating to FnO

➔ **Options payoff workspace(FnO Analysis Menu)** – Provides six pre-defined strategy for Index and stocks, trader can select strategy according to market trend.
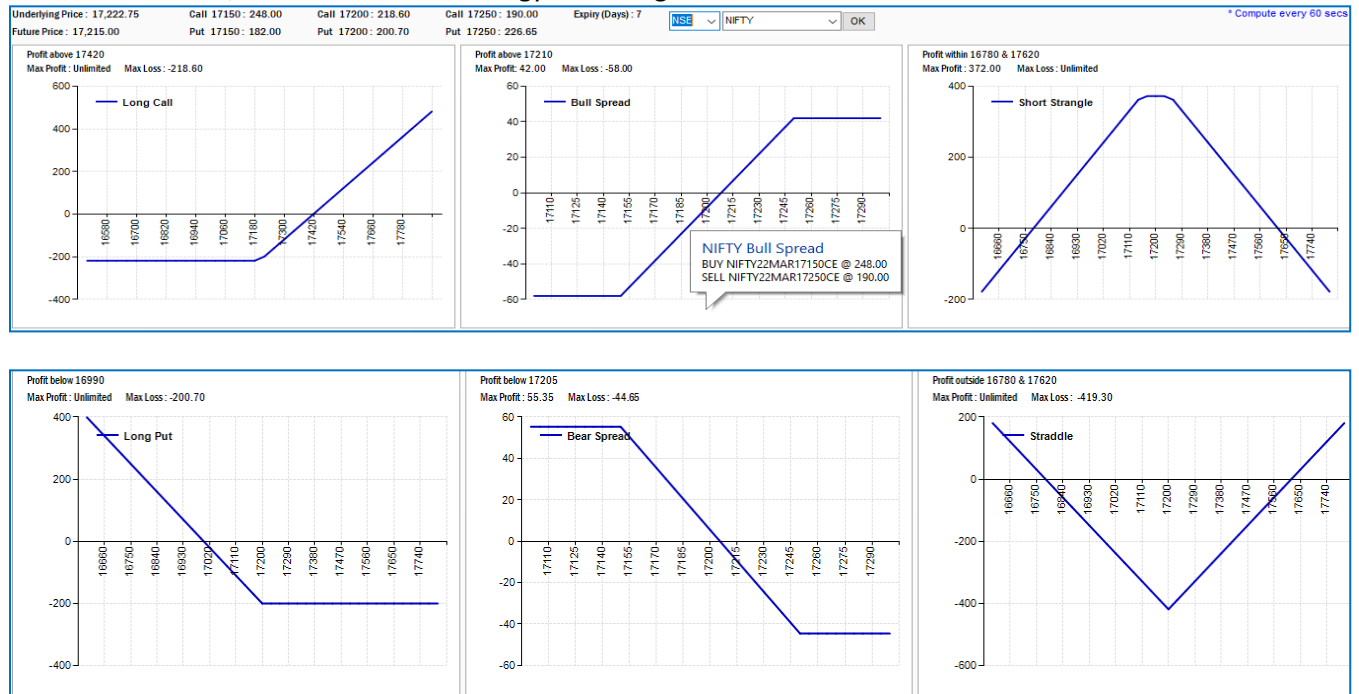

➔ **Options payoff (FnO Analysis Menu)** – Traders can build their own strategy and compute payoff charts to acertain profit & loss.

Highlights of Dartstock
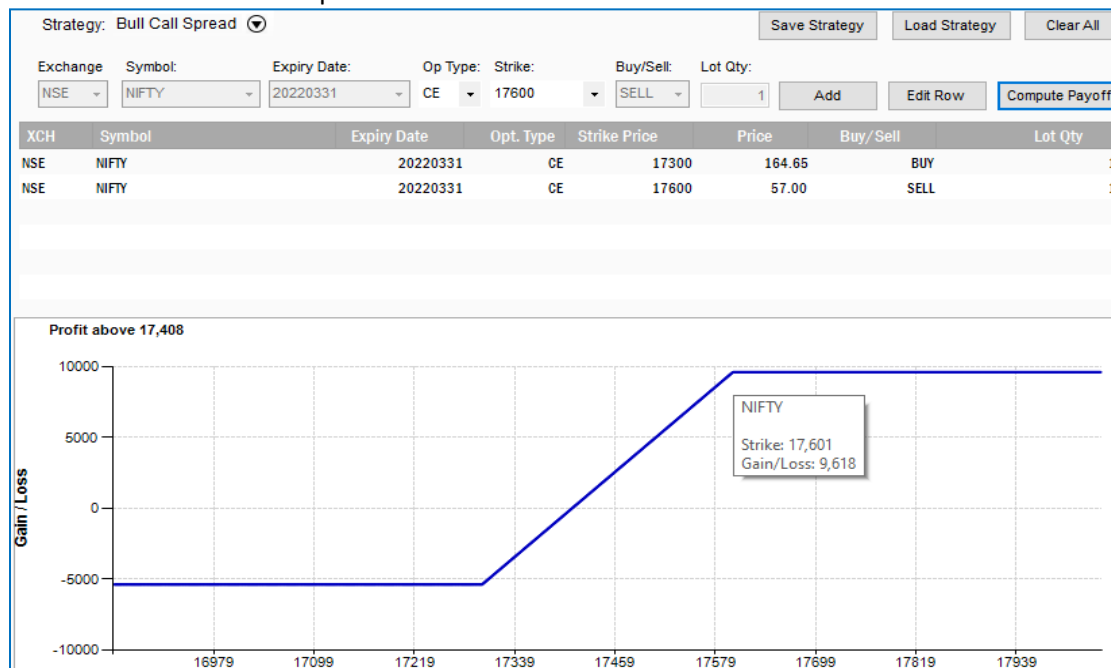

➔ **Action in futures (FnO Analysis Menu)** – Stocks with long and short build up, profit booking and short covering based on combined OI.
